

6. Answer only the question asked. Do not volunteer information not asked for by the question.
7. When answering a question, tell the facts as **you** remember them. If you do not recall certain facts, do not be afraid to say so. Do not guess.
8. You should not give your personal opinions or conclusions unless you are asked to by the attorneys or judge. If you must estimate distances, measurements, times, etc., clearly state that you are estimating.
9. Please speak loudly and clearly so that you may be heard by everyone in the courtroom.
10. Be polite. Never argue with an attorney or judge.
11. If you have concerns about revealing your home or work address, discuss this with the Victim/Witness Program when you arrive to testify. You may not need to unless relevant to the case.
12. If you would like someone to accompany you to the courtroom for support, please let our Victim/Witness Program know when you arrive to testify.
13. Jurors who may be deciding the case may be in the same public areas (hallways, restrooms, parking lot). Avoid discussing the case in public areas.

As a witness in a juvenile delinquency prosecution, you play an important role in seeing that justice is done. Because our court system is unfamiliar to many, it often creates unnecessary fear and misconceptions among those called to testify. In an effort to relieve some of these concerns, we offer the following suggestions:

## WHEN YOU RECEIVE YOUR SUBPOENA OR NOTICE TO APPEAR FOR TESTIMONY

1. **Please read your subpoena or notice carefully.**

It will tell you when and where to appear. It may also inform you of any additional items and documents you must bring.

2. Contact the County Attorney's Office at 651-438-4477 to let us know you have received the subpoena or notice and to make sure we have your correct home and work telephone numbers in the event of last minute changes. We can also provide you with additional information or answers to questions you may have.
3. An employer cannot discipline or discharge you because you are subpoenaed or requested to testify. Contact the Victim/Witness Program at 651-438-4438 if you need assistance.

## BEFORE YOU APPEAR IN COURT

1. Review any written or taped statements you have made regarding the incident. If you do not have a copy of your statement, one may be obtained through the County Attorney's Office at 651-438-4477. If there are any mistakes in your statement, please call us.

2. Don't memorize what you are going to say. Instead, try to think about the things that you will be testifying to such as the place of the incident, people or things present, what happened, what was said and by whom, etc.
3. You do not have to discuss this case with anyone. If you are contacted by anyone regarding your testimony, you can decide if you want to talk to them or not. If anyone threatens you in an effort to influence your testimony, contact our office **immediately**. Tampering with a witness is a crime.
4. Contact the County Attorney's Office at 651-438-4477 the **work day before** you are scheduled to appear and verify that your attendance is required. Oftentimes, cases are postponed or settled just before trial.
5. If you need an accommodation because of a disability, please advise the Victim/Witness Program at 651-438-4438.

## WHEN YOU TESTIFY

1. Your **only** responsibility is to tell the facts truthfully and accurately. The judge decides what the law is and, in juvenile delinquency cases, also decides if the accused is guilty or not guilty. In certain instances a juvenile may have a jury that will decide if the accused is guilty or not guilty.
2. Wear neat and conservative clothing.
3. Listen closely to the questions you are asked. If you do not understand or hear a question, please ask to have it repeated.
4. If an attorney objects to a question, you should not answer until the judge tells you to or a new question is asked.
5. If you are asked to give a "yes" or "no" answer but feel more explanation is necessary, please tell the attorney that you would like to explain your answer.
